Content	Specification of Behavioural Objectives	Learning Experiences	Evaluation
Activity for the Topic: Ex: There are two books. I have four pens. How will you find the number of books and pens in the above sentences? That the words (or) countings as known as the 'determiners' in the sentence.	Introduces	The teacher introduces the grammar topic "Determiners" by giving the activity related to the topic. The students answered and actively observes the activity.	How do you find the "Determiners"?
A Determiner is a word that modifies or introduces a noun. Determiners can indicate the quantity, specifies the noun in the sentences. They give the meaning of the noun.	Defines	The teacher defines the definition of the topic which describes or specifies the noun. The students understand the definition and also repeated it.	What is meant by "Determiners"?

Determiners come before the nouns and adjectives that describes the noun.

Specify something about the noun that comes after it.

Always agree in gender & number

Identity of a noun by Introducing Specificity.

Explains

The teacher explains the specification of the determiners, where the subject describes the noun in the sentences.
The students actively attained the concepts taught by the teacher.

How the other words describes the noun?

In Determiners, there were 6 types involved in it. They were,

- ⇒ Articles
- ⇒ Quantifiers
- ⇒ Ordinals
- ⇒ Demonstrative
- ⇒ Possessive
- ⇒ Numbers

Listouts

The teacher listout the types of the determiners involved in it, also specified the important types of determiners. The students observed and also noted it.

what are the types of Determiners?

Types of Determiners:

Articles $\Rightarrow$ A, An, The

Possessive $\Rightarrow$ My, Your, Our

Demonstrative $\Rightarrow$ This, That,

these, Those

Quantifiers $\Rightarrow$ Many, Some, few, lot of

Numbers $\Rightarrow$ One, Two, Three

Ordinals $\Rightarrow$ First, Second, Fifty

These are the specification in the sentences.

Demonstrative Determiners are used to indicate relative positions of a noun.

Ex: I want that Book.

They were went to the Temple.

Here, 'That' / 'They' are referred as the demonstrative determiner.

Illustrates

The teacher illustrates the types of determiners with its definition and also with its examples for the types. The students observed actively and noted those definitions and the examples.

What are article describing word for a noun?

Analysis

The teacher analysis the demonstrative determiners through the various words and examples. The students understood the demonstrative determiner and noted.

Give an example for the demonstrative determiner.
